Now that I see the incoming, it is the Wilcox Site. We will work on a response.

Sorry, I did not copy everyone with my response to Joe's original message. I told her to send the response to

Ben to determine which site he was referring to and then control a response to either Ronnie or John depending on the site.

I think the guy deserves a reply because he is alleging high lead levels for his kids. I will forward the control to everyone

Carl

The attached did not come through so I can't tell if it is Wilcox. I will follow up in the morning.

Gosh...seems like someone does need to call him John, is this Wilcox? Is this a risk assessor call? An ATSDR call??

Is there anyone else you would like to have this Control forwarded to?

HQ's Controlled Management System (CMS) has forwarded this to Regional 6 for information purposes only. No response is required. Please make sure that the appropriate personnel within your division receive this information.
